# RECOGNIZED TYPES OF CHILDCARE SERVICES

\*\*Text from the website [viedeparents.ca](http://viedeparents.ca)

## **SRECOGNIZED CHILD CARE SERVICES**

For a childcare service to be considered "recognized", it must have a permit from the Ministère de la Famille or an attestation from a home childcare coordinating office.

### **CPE**

Childcare centers provide full or part-time childcare at low cost. These are cooperatives or non-profit organizations that can accommodate up to 80 children.

### **Subsidized and non-subsidized daycares**

They have a maximum of 80 places and offer full-time or part-time. They are managed by natural or legal persons. In subsidized daycares, places are at a reduced contribution, while unsubsidized daycares set the price you pay per day.

### **Recognized home childcare services**

Most of these childcare services also offer full or part-time places for a reduced contribution. They can accommodate up to 9 children. They are under the responsibility of a natural person, who must be assisted by another adult when there are more than 6 children. They must have obtained recognition from a home childcare coordinator office.

-----

## **NON RECOGNIZED CHILDCARE SERVICES**

These childcare services are not required to have recognition from a coordinator office or a permit from the ministry.

### **Community daycare centers**

These drop-in centers are operated by community organizations and offer half-day care (3 or 4 hours), often on weekdays, from 9 a.m. to 5 p.m. Hourly rates vary between \$0 and \$5.

## Kindergartens

This type of childcare also offers blocks of 4 hours maximum per day and welcomes a stable group of 7 children or more (aged 2 to 5) for a fixed period. Note that if they opened their doors no later than October 25, 2005, kindergartens are not required to have a CPE or daycare permit.

## School daycare services

School daycare services are offered by schools. Managed by school boards or private establishments, they welcome children (aged 5 to 12) from the school in question before and after lessons, as well as during dinner.

## Unrecognized home childcare services

These childcare services have not received an attestation from a home childcare coordinator office and offer up to 6 places, the price of which they determine themselves per day.

# TIPS AND TRICKS FOR FINDING A CHILDCARE SPACE

**\*\*The text is a summarized version of an article on the website [mamampourlavie.com](http://mamampourlavie.com)**

## DES SITES À VISITER

**La place 0-5 :** For a place in a CPE or in a subsidized daycare centre, register your child on this site. You only have one form to fill out. The success rate of this waiting list is variable.

<https://www.laplace0-5.com/>

**Le localisateur de services de garde du Ministère de la Famille :** The locator allows you to obtain the coordinates of all the childcare centers and all the daycare centers and to see their location on a map. It is updated weekly.

<https://www.mfa.gouv.qc.ca/fr/services-de-garde/parents/localisateur/Pages/index.aspx>

**Le forum de Maman pour la vie** : The [Offres et demandes de places en garderies](#) section of the forum still displays a few places available in different regions of Quebec.

<https://www.mamanpourelavie.com/forum/>

**Ma Garderie.com** : There are some subsidized daycare centers and CPEs. Rather, it is private environments that are displayed on this site, both in facilities and in family environments. The search engine is super efficient, you can easily find several places nearby.

<http://www.magarderie.com/>

**Facebook** : Calling everyone on Facebook is always a good way to find what you're looking for. Go ahead with a small ad on your own profile, then visit different Facebook groups. It can be an effective method.

### **PHONE CALLS TO MAKE**

If you are looking for a place in a home environment recognized by a coordinating office, go to the website of the office in your neighborhood or region. Generally, there are places available in the various daycare services. You will have access to the manager's phone. Contact her to find out more about her community and, if you are interested, make an appointment for a visit.

For a place in a CPE, we have all heard the story of the mother who phoned the director of the coveted place directly to make sure that she was indeed on the list and that this phone call allowed to find a place.

### **PARK OUTINGS AND WORD-OF-MOUTH**

The famous word of mouth sometimes works wonders. When you are looking for a place in daycare, do not hesitate to talk about it with those around you and with the people you meet during your outings.

Finally, make many outings to different parks near you. Generally, in the morning, before 11 a.m., you will see plenty of daycares there. Observe the educators who seem to you to meet your criteria the most and talk to them. A small tour of charm will perhaps allow you to find a place to your liking!
